

Students attending Clarion West incur expenses for tuition, housing, food, travel, and so on; scholarship programs are available to help defray these costs.

To apply for scholarship assistance, complete this form and include it with the application materials you submit by the March 1 deadline. Print the form and mail it if you are mailing your application. Send it via email if the rest of your application is being submitted electronically. If you must send the form separately, include a note explaining this with the rest of your application materials.

All information you submit will be kept confidential and will be shredded after review, including information shared with the Carl Brandon Society for scholarship allocation purposes.

Your application for scholarship funds will not affect whether or not you are accepted into the workshop. Any student needing financial assistance to attend the workshop may apply.

See <http://www.clarionwest.org/workshops/summer/scholarships/> for more information about our scholarships and their sponsors.

Clarion West is on track to use a fully ADA, wheelchair-accessible location in 2021. Unfortunately, the Clarion West 2020 workshop will be held in a building that is not wheelchair-accessible. If you have questions about mobility, please review our workshop FAQ or email us at workshop@clarionwest.org. If an accessible location is the primary reason holding you back from applying to Clarion West, please let us know.

Please let us know if you review our workshop FAQ and believe that an adaptive device or slight modification would allow you to attend in 2020. Clarion West is pleased to make accommodations for special circumstances and has a limited budget toward this end, including for the purchase of adaptive devices.

Because our funding sources are finite and our top priority is to make attendance of the workshop possible for as many qualified applicants as possible, allocation of funds is based largely on level of need. How would you assess your personal need for tuition and housing assistance in order to attend (circle one):

- need full tuition and housing assistance
- need a high level of tuition and housing assistance
- need some tuition and housing assistance
- tuition and housing assistance would be useful if funds are available

Please attach any additional information you wish to have considered, sign and date this form, and return it to our office with your application materials by the March 1 deadline. Documentation (bank statements, tax forms, etc.) is not required at this time.

I affirm that the above information is truthful and accurate.
